D. Coats, Sweaters, Shirts, and Safety Vests

Measure length of pet's back from the base of the neck to the base of the tail. Also, if dog has a stout build, a deep chest, or is overweight, we recommend going up a minimum of one size for proper fit. If dog is long-backed, like a Dachshund, a smaller size is recommended.

E. Harnesses and Flotation Vests

Measure girth around the broadest part of the chest and add 2".

F. Midriff Style Jackets and Shirts

For shorter midriff style garments, measure the length of pet's back from base of neck to base of tail. (Due to the unique styling of midriff garments, they may sit higher on the dog's back.)
